ALAIN CARDON MASTER CERTIFIED COACH, SYSTEMIC EXECUTIVE COACH

Breakthrough Catalyst, Performance Booster, Perspective Agitator, ... (systemic executive coach)

Master Certified Coach since 2002, mostly recognized for his specific competencies in systemic executive coaching, team coaching and organizational coaching, Alain Cardon is also a systemic coach trainer and coach supervisor with coach students in France, Belgium, Spain, Germany and Romania where he has opened a systemic coaching school in 2007.

As far as his personal style for executive coaching, life coaching, team coaching and organizational coaching clients, Alain has developed a direct, confronting and empowering coaching approach which may be defined as a blend of brief, systemic, creative, and breakthrough posture and techniques. Although French national and part-time resident, his intensely international personal life and career also makes it difficult to define Alain's executive coaching heritage as originating from one or another coaching school of thought, one or another national frame of reference.
